Household Overburdened Areas

List by Census Tract and County

Shelter overburden occurs when a household pays more than 30% of their income on shelter costs. This measure is from the latest five-year sample of the US Census Bureau's American Community Survey. It is computed by adding the number of households that are overburdened in a tract, dividing by the total number of households in that tract, and multiplying by 100.

Please note that not all the census tracts in this list are eligible for points. Please refer to the Scoring Summary.

Tract	Total Overburden
Census Tract 1, Alcona County	17.8%
